3 reasons to Re-turn your plastic bottles and cans

- 1 Protect our environment**
for future generations
Deposit Return is a circular economy initiative, capturing a higher quality of recyclate and maximising existing resources. By reusing and recycling more effectively, we save energy and water, reduce landfill and there is a lower impact on the planet.
- 2 Reduce litter & waste**
for a cleaner future
More than 40 countries and regions have successfully introduced Deposit Return Schemes, with 15 in Europe and many more being implemented. Deposit Return is a proven method for increasing recycling rates and reducing litter and waste.
- 3 Value our resources**
for a more circular economy
Separate collection of plastic bottles and cans ensures a higher quality of recyclate material is returned and also prevents cross contamination. A plastic bottle can be recycled up to 7 times and aluminium cans may be recycled infinitely.
